ENTERPRISE

1 Virgin Fibre Dedicated Internet

Our Rapid, resilient internet that's all yours

We understand that fast, secure, reliable broadband is key to your Business and that's where we come in. As Ireland's best business broadband provider we'll have the right solution for your growing Business, and with unbeatable service agreements and the fastest installation, we'll have you up and running in no time.

How Do I Know If I Need Dedicated Internet?

- ∞ Do you have 10+ users?
- ∞ Do you need matching upload/download speeds?
- ∞ Do you share bigger data files?
- ∞ Do you need a best in market service level agreement?

If you answered yes to any of these questions then your Business needs a dedicated internet connection.

What Else Is Included?

- ∞ Fast delivery time
- ∞ 6 hour restore time
- ∞ Dedicated technical support right here in Ireland
- ∞ Pre-sales evaluation to ensure you get the exact product to your business needs
- ∞ Dedicated account manager
- ∞ Service delivered by a Dedicated Project Manager

2 Virgin Radio Dedicated Internet

Does your business operate over multiple sites?

We provide wireless services to hundreds of businesses in both the private and public sector. Each radio link operates over a frequency dedicated to your business, so there's no sharing your speed. We'll install a dish on your building and configure both the radio equipment and switches for you, bringing you back to our core fibre network in a single hop; perfect if you have multiple offices that need fast and reliable access to centralised resources.

- ∞ National coverage
- ∞ 6 Hour Restore Time
- ∞ High capacity dedicated radio with speeds of up to 1Gb symmetrical
- ∞ Dedicated Account Manager

3 Virgin Carrier Ethernet

Expansive, inexpensive connectivity that's not just for carriers

Don't let the name fool you: it's not only carriers that can benefit from this wide-reaching, cost-effective and reliable connectivity solution. If you're an enterprise (or a carrier) who provides networking services to end users, you could profit from switching to Virgin Carrier Ethernet. This service has standardised attributes so it's easy to sell, and strives to be as dependable as it gets. This is connectivity that's on your side.

Virgin WiFi

Get your WiFi working harder for you

Offering your customers WiFi is a great way to bring people through your doors, and to keep them coming back. But now you can use your WiFi to get closer to your customers and get to know them better.

Using systems developed by Virgin WiFi, we can help you to capture Customers' details (invaluable when it comes to growing your marketing database), and even drive Customers to your website through a dedicated landing page.

And, with no passwords or vouchers needed, your customers will love it.

Here's what you get

-  A fully managed WiFi service
-  24/7 support for your customers
-  Free point-of-sale and signage
-  Dedicated landing page

Virgin Homeworker Broadband

A business broadband that supports home workers

With our homeworker broadband working from home has never been as easy, from €55 per month. Enjoy the peace of mind that comes with our Homeworker Broadband, with a speed up to 1GB.

Why get Virgin Homeworker Broadband?

At Virgin Media Business, we know the world is changing. Our homes are becoming offices and that's why we believe that you should have a business level connectivity at home.

-  Fastest business broadband
-  Dedicated customer service
-  Business level support

All from just €55 a month!
